## Tennis at Oakham

We regularly field over 40 boys' and girls' tennis teams from the 1st VI to the U12Ds, who play against some of the biggest schools on the circuit in a competitive fixture list. This provides pupils the opportunity to represent the School in singles, doubles and mixed matches each week.

The Oakham School Tennis Academy provides a year-round training and playing programme delivering first-class training and coaching opportunities for players of all ages, ranging from beginner through to County, Regional and National level. The programme is designed to support our athletes while encouraging its players to reach their potential, through nurturing development, talent and performance outcomes. Allowing pupils to focus their tennis as a main priority or alongside other sports with an all-round, player-centred approach.

Oakham tennis players enjoy first class facilities including 29 floodlit courts: 8 hard courts and 21 AstroTurf courts available to them on a weekly basis as part of the Oakham Tennis Academy. In addition to yearlong training, the School offers sessions with our specialist Strength & Conditioning Coach supporting players development throughout the year.
